Good morning Mr. Holzheimer,

On May 20, 2021, EPA's counsel provided extensions of time for Waxman to respond to EPA's April 8, 2021 request that Waxman provide all receiving and sales and distribution records of Kleen Freak Disinfecting Wipes from November 1, 2019 to November 30, 2020. Please note that receiving documents Waxman provides to EPA must document the receipt of all quantities of Kleen Freak Disinfecting Wipes by Waxman and identify the brand name of the product, the name and address of the shipper, the name of the delivering carrier, the date received, and quantity received. If Waxman was the importer of record for any imported quantities of Kleen Freak Disinfecting Wipes, please also include in your response records of import, including but not limited to, U.S. Customs and Border Protection forms, bills of lading, invoices, etc. If Waxman acted as the importer of record for any importations of Kleen Freak Disinfecting Wipes during the identified time frame, please also provide the Notice(s) of Arrival of Pesticides and Devices (EPA Form 3540-1) and any supporting information which accompanied the EPA Form 3540-1, such as copies of the label affixed to the quantities of Kleen Freak Disinfecting Wipes within imported shipments.

Please feel free to reach out with any questions.

Regards,

Anna Nguyen
